

RECIPROCITY BETWEEN CANADA AND THE U.S.

This Subject is Expected to Play Important Part in Colonial Conference Discussion—What London Anticipates Will Follow Sir Wilfrid's Address.

Associated Press Dispatch.

New York, April 14.—A special cable to the New York Herald from London, today says: "While political parties in England have been wrangling over preference and food taxation, the British Colonies have been shaping a policy of their own, which is now being presented to the British public with irresistible force. To the man possessed of a constructive according to one's temperament, and training. The voice of the colonies is heard alone in Great Britain today, and during the next few weeks the country is likely to hear a good deal about colonial opinion on many topics that are of great importance to the British Empire. The part and what the colonial premiers have to say on the various topics they discuss will demand serious and respectful consideration."

All the colonial premiers visiting London are well able to state their own case, but they have the powerful advocacy of the Imperialists, who represent the interests of the colonies as identical with those of England while the Anti-Imperialists are silent for the time being.

It is recognized that probably the most strenuous and most prolonged discussion will follow what the Canadian prime minister has to say to the welcome regarding reciprocity between the United States and Canada, of which he has already given a forecast in his speech of welcome to the new British Ambassador, Mr. Bryce, when visiting Canada before taking up his duties at Washington.

It is quite well recognized here that Mr. Bryce has set his hand to the gigantic task of consolidating peace for a possible millennium between the United States and Canada. According to an influential Canadian now in London, the draft of a treaty which is already being put to the already drafted in Washington, under which a new commission should proceed to arrange all questions of dispute, boundaries, rights of seal fisheries and the like, which has been chronic trouble to the Dominion, will be easy to formulate in paper, but it will be difficult to translate in geography.

Never Suggested Before. The typical Canadian of the present time suspects the United States of a design to employ Bryce in order to accomplish an advantage with the Americans for a cement of all the troubles which Canada on the frontier, on the great lakes, and on the fishing areas of the Arctic and Northern seas. At the same time, this influential Canadian says, is not ripe for such a settlement, although it is in every way, a consummation devoutly to be wished. At the same time is submitted that Mr. Bryce, by visiting Ottawa so soon, and bringing Canada into his diplomatic confidence, has gone the right way about the thing, which, should be accomplished in the first place, the making of the history in the twentieth century.

Great Britain has to recognize that the colonies are advancing on to federalism. At the outset it was confined to a trade relations, which still seem to be the bedrock of the whole fabric. But it does not stop there. While a few of the colonies are anxious to trade, their place there is a political co-partnership, which Mr. Balfour recently said was impossible at present, others put forward proposals for establishing a federal council for the colonies, and the settlement of an imperial, or even an international policy.

At the last conference Mr. Joseph Chamberlain said the demand must come from the colonies, and that Britain was prepared to go as far in this direction as the states states could desire. Mr. Chamberlain had been taken at his word, though it is a little thought it would come no quickly as this year.

Are the Colonies Now Ready. If the proposition of colonialism is taken literally, many of them still desire that each self-governing colony shall take up a position of equality

In the council of the imperial government of Great Britain, and that on inter-imperial and international questions affecting the colonies, the states must be consulted, and a decision arrived at only with their assent.

The part of the speech. This is the logical sequence of events, and though Great Britain would be presumably the final arbitrator, seven colonies could at any time override the decision of the imperial government, the council for defence of colonial opinion, would be fraught with peril, and the supremacy of the mother country, so long accepted without question, would be for good or ill, be a thing of the past. It would follow, of course, that the colonies should bear their share of the burdens of the empire, and if they are prepared to do it, the Imperialists are not disinclined to surrender to political power, which is vested in Great Britain, but the change between the mother country and her dependent states, so momentous and novel as to bear reflection.

Canada Blocks the Scheme. Owing to the attitude of Canada, it is impossible that the scheme, favored by some of the colonies may proceed at the present conference, by way of being prepared for this, the colonial conference complainingly point out that today a single vote in England has more influence in imperial affairs than a whole colony. Whenever they resist that, suddenly they will appear as a confederate of an imperial federation, in which Great Britain will no longer be the supreme independent power, responsible alone for the affairs of the empire, but the head of a confederacy of states, stronger and mightier than any the world has ever known.

To these few among here, not able to see clearly what is going on, this may seem passing into the future with magnifying glasses. But it cannot be noted with what pantheistic every wish of the colonies is repeated. That is just the difficulty, that like the Persians, the British may lose their independence through inability to say "No." Imperialists today will deny the colonies nothing, whatever the government may do.

Two C.N.R. TRAINS REACH REGINA. Both of them crowded to the roof—Carried Tons of Mail.

Regina, Sask., April 15.—Two Canadian Northern trains arrived here this morning from the north, the first for nearly a fortnight. One was carrying a large number of passengers, the other a large quantity of mail. The trains were crowded to the roof, and the passengers were very comfortable.

RISKED LIFE FOR MAIL. Associated Press Dispatch. Prince Rupert, B.C., April 14.—A telegram from the Consul General at Seattle to Acting Consul General here, says: "General Christian, who is in the hospital slightly wounded, was shot while trying to carry his mail. Christian, general, the Minister of War, from the field. Barrow was mortally wounded and General Christian was severely wounded. Christian was shot while trying to carry his mail and was killed."

SHOT BY BUNGALAR.

New York Real Estate Dealer Killed in His Dining Room.

New York, April 14.—George Schumacher, a wealthy real estate dealer, 54 years of age, was shot and fatally wounded in the dining room of his home on East 64th street early today. His family believe that a burglar surprised by Schumacher shot him. Mr. Schumacher told the police that he and a son, Arthur, were awakened by the report of a revolver, and both hurried to the dining room in time to see the burglar stagger across the room and fall. In reply to questions, the dying man said only: "I have been shot," and pointed to an open window. Immediately after he expired. The burglar was not seen within a few hours.

PEACE CONGRESS OPENED TODAY

Earl Grey, Canada's Governor-General Will be one of the Speakers.

New York, April 15.—The first national arbitration and peace congress of America opens its sessions today. His excellency Lord Grey will be one of the speakers during the congress. The main sessions will take place at Carnegie hall, but there will also be meetings at the Astor hotel and at the Cooper Union. Delegates to the congress include the representative of the United States to the Hague conference. There will be representatives also from all other walks of life. Besides these Great Britain, France, Germany, Holland and Belgium have sent some prominent individuals to the proceedings. Andrew Carnegie, president of the congress, will preside.

For the opening session in Carnegie hall, the programme includes addresses by United States Secretary of State Elihu Root, Governor Hughes and Mayor McCullin, Baron d'Estienne de la Riviere, Prof. H. D. Dewar, Chairman of the League of Nations, and Prof. H. D. Dewar, Chairman of the League of Nations, and Prof. H. D. Dewar, Chairman of the League of Nations.

Mr. J. W. Hull, of the Hull Graveling Co., was one of the passengers. Mr. Hull was interviewed by the Bulletin this morning.

"Yes," he said, "we were somewhat late coming from Winnipeg. We were tied up by the snow blockade near Humboldt. It was not a heavy fall of snow which completely tied up traffic. The general impression is that there are several feet of snow down around Humboldt. That is not true. The snowfall which blocked us was only a light fall. But the snow was wet, and it was blown into our faces from the tracks, blocking them in a solid mass of ice. When the C.N.R. finally got its snow plows to the scene of the blockade, it was too late. The snow was too deep, and the plows were not equipped to clear it. We were stuck for two days, and the passengers were very uncomfortable."

60 YARDS OF TRACK CARRIED AWAY

Landslide on E.Y.P. Caused by Inadequate Drainage—Earth Carried 100 Ft. in Ravine.

A portion of the track on the E. Y. & P. line was destroyed on Saturday afternoon by a landslide which carried away five rail-length down into the ravine below, covering the track on the hillside with huge masses of brown earth and gravel. The landslide occurred about forty rods west of the "V" immediately after a freight train had passed over. This portion of the track which had been originally filled in, traverses the edge of the ravine, and when it fell away the rails and ties were left suspended without apparent support across the place where the track had been.

The slide is supposed to have been caused by inadequate drainage from the east side which permitted the track to become water soaked and frozen. The earth softened by the spring thaw and melting snow gave way.

The Mortville Construction company with a wrecking and construction crew, were called to the scene, and are engaged today in erecting a trestle to carry the track, which will be in running order again by Wednesday morning. A gang of fifty men are at work unloading plank and posts, and clearing away the debris. The construction train of the Mortville company ran into the cars of the Mackenzie & Mann construction train today and ditched one car.

Alberta Farmers' Association is buying oats at Didsbury and paying 20 cents a bushel for them—3 cents more than the elevator pays. C. Standen, of New Hampshire, James C. Standen, of St. Louis, President Butler of Columbia university, President Eliot of Harvard, President Hughes of the University of Illinois, James D. Thompson, vice-president of the American Federation of Labor, Congressman J. Sharp Williams, Secretary of State John W. Foster, the Japanese ambassador, and many others who will participate in the congress prominently.

About 1,500 delegates have accepted invitations to attend the various sessions.

C.N.R. TRAIN FROM WINNIPEG PILLS INTO EDMONTON FIFTEEN DAYS LATE

Train Which Left the Peg March 28th Reached Edmonton Sunday Morning—Blocked at Humbolt—Four Trains Stalled There With 1,300 Passengers—Snow Fall Which Caused Blockade Was Not Heavy, but It Formed into Ice Before Tracks Could be Cleared—Stock Losses Will be Very Heavy.

The first train to reach Edmonton from Winnipeg on the line of the C.N.R. in nearly three weeks steamed into the station at 4 o'clock Sunday morning, and a hundred weary passengers disembarked.

They were injured, and one of them seriously, his leg being broken in two places. There were four westbound trains stalled by the blockade at Humboldt. There were several feet of snow down around Humboldt. That is not true. The snowfall which blocked us was only a light fall. A RIPPING FIGHT.

Italian Sheets Policeman and Three Others in New York.

New York, April 14.—Policeman G. M. Sechler and Alfred Solch and Chas. Vincino, a young Italian, were shot and probably fatally wounded by Salvatore Gormale tonight in a running fight, which began in Washington Square and ended in a tenement. Sechler died soon after he was shot. Gormale immediately after his arrest was hurried to the hospital, where he was identified by the three remaining men.

PAUL PROVES FATAL.

Winnipeg, April 14.—McLeod, the man who fell down a 45-foot well three weeks ago, died in the hospital today.

BRYAN ROASTS ROCKEFELLER

Declares It Shows Comendable Spirit that his Gifts are Being Refused.

Washington, D.C., April 14.—Wm. J. Bryan addressed nearly 2,000 persons at the new National theatre today. He spoke under the auspices of the Young Men's Christian Association and took for his subject, "The Prince of Peace." Mr. Bryan concluded with praise for the colleges and churches that have declined to accept money from wealthy men "who have gained their riches by dishonest methods."

"One of our rich men," he said, "has reached a point where he sometimes finds difficulty in finding people to take his money, and that I regard as the best evidence of the growth of a moral sentiment in this country. It means something when a great church refuses, hesitates, refuses to accept the money until it knows how it has made. I believe the time will come when churches and colleges will refuse to go into partnership with the spending of money immorally made. The influence of that public opinion will be a powerful factor in the restoring of the righteousness. These great institutions should say to a man: 'You did not make your money honestly. We will not share the odium with you.'"

A reception was tendered Mr. Bryan after his address tonight, after which he left for New York to attend the peace congress.

POPE TO PROTEST AGAINST NEW LAW

Which has Been Passed by the French Government to Separate Church and State.

Rome, April 15.—In his allocution at tomorrow's consistory, Pope Pius will deliver an important passage to the conflict between France and the Vatican. It will be in protest against the arrangements the new law has made for the church, and the methods the French government has adopted all through the controversy.

The congregation of the propagandists has decided to grant the claims of the Russian in the United States for the appointment of a bishop, and has named Stephen Stepan Krivosin, who is a member of the Russian order of Basilians, as titular bishop of Basile (Greece), with the mission to assist the Russian Catholics throughout the United States. His cognomen will be announced at tomorrow's consistory. It is expected this concession will revive the claims of the Poles in America, who for years have desired their own bishop, but whose requests have been denied.

COMPREHENSIVE SCHEME FOR BEAUTIFYING CITY

Landscape Architect Todd's Plans for Parks and Driveways in the City Read at Canadian Club Luncheon Today—Large Parks Suggested for North and South Sections of City.

The regular fortnightly meeting of the Canadian club was held today in the Prince Arthur cafe, Wm. Short, president of the board of trade, presiding. The subject of discussion was the beautifying of Edmonton. Mr. Kinnaird, read the report of F. G. Todd, of Montreal, the landscape engineer employed by the city last summer to suggest means of adding to the natural beauty of the city. The plan is an elaborate one, calling for the establishment of large parks, one at the north of the city beyond the G. F. P. yards, and another at the golf grounds, to be known as the exhibition park. The report recommended the planting of trees and shrubs along the river front to the proposed Grand park.

The reading of the report occupied considerable time in delivery, and no discussion followed save for a statement from the mayor to the effect that the civic authorities should keep the plan in mind, and gradually carry it into effect, so that in ten or fifteen years the plan might be completed.

FIRE RENDERS FIVE HUNDRED HOMELESS.

New Orleans, La., April 14.—Between five and six hundred people were rendered homeless today by a fire which swept through the town of Metairie, situated near the Mississippi river. Early in the afternoon a fire broke out in a small building, which soon spread to the main building, and the flames reached the roof. The fire was extinguished, but the damage was done. The loss is estimated at about \$50,000, with only \$5,000 insurance.

TURKEY BUFFERS FROM FLOODS

Constantinople, April 14.—Continuing heavy rains have caused the rivers to overflow, especially in Macedonia. There has been heavy loss of life, and destruction of cattle and property. The situation is very serious, and the government is doing its best to relieve the suffering.

THAW CHANGES COUNSEL.

Stated That Attorney Delmas Will Be No Longer Retained in Great Case.

New York, April 14.—Harry K. Thaw spent a quiet day in the Tenth today. Early in the afternoon he was called to see him, but the warden told her she would have to abide by the usual prison rules, consequently she was not permitted to see Thaw as she was during the eleven weeks Thaw was on trial. She then wrote a note to her husband, and returned to her hotel. Attorney O'Reilly called on the prisoner late in the day, and talked with him for a half hour. He was stated by one of the attorneys who acted for Thaw in the recent trial that D. M. Delmas would withdraw after having anything to do with the case, but Messrs. Peaseley and Attorney O'Reilly would act for him in future.

PROMINENT CALGARY MAN DEAD

Calgary, April 15.—Charles F. Comer, one of the most popular men in Calgary, and most prominent Old Fellow in Alberta, died suddenly last night after a brief illness. He had been feeling unwell for two days, but last night was taken with a severe attack of hemorrhage, and died.

Mr. Comer was born thirty-seven years ago in Kingston, where his father was collector of customs. He came to Calgary in 1898, when he became clerk in a Calgary hardware store. Leaving that position eight years ago to engage in business by himself, he was the first grand master of the Calgary Grand lodge, and also past grand representative of the grand lodge of Alberta. He was elected last year a member of the school board. He was prominent in athletic circles, being one of the best marksmen in western Canada, and winning many trophies in western rifle meetings. He leaves a wife and three small children.

FELL DOWN SUSTAINING FATAL INJURIES BY FALL.

Calgary, April 14.—Charles Lowes, a retired farmer residing here, met with an accidental death last night by falling into the cellar of the Royal hotel through an open trap door. He lived about two hours after the accident, but never regained consciousness. The deceased was about 70 years of age.

FROM DAY TO DAY

FROM DAY TO DAY.

April.
An altered look about the hills;
A tyrant light the village square;
A wider sunrise in the dawn;
A deeper twilight on the lawn;
A print of a vermilion foot;
A purple finger on the slope;
A flippant fly upon the pane;
A spider at his trade again;
An added strut in chivalry;
A flower expected everywhere;
An axe's shrill singing in the woods;
Fern odors on untraveled roads—
All this, and more I cannot tell,
A future look you may as well,
And Nicodemus' mystery.
—Emily Dickinson.

A NOTED PREACHER.

Like every other village in Western Canada in London, "Markwell" is missing nothing that is worth seeing or hearing in that grand old city of the "Edgware". She took her Canadian readers lately with her to the Thames Embankment at night where the Salvation Army officers are doing nightly a charitable work in succoring the sleeping, dependent through who drift there seeking a night's rest.

This week she writes of a sermon by Father Bernard, Vaughan, who like another Savonarola has been stirring up London's society circles during the past year. Father Bernard, who is a brother of the late Cardinal Vaughan, and an exceedingly popular man, divides his ministry evenly between the extremes of London—the very poor of the East End and the fashionable residents of the West End.

His personality is magnetic, with all the courtly manners characteristic of the Vaughans charmingly blended with gentility and wit. He is a warm personal friend of King Edward, who admires him as sincerely as do the numbers of other men of the world who go to Farm street to hear him. Father Markwell writes: "I heard the famous preacher, Father Bernard Vaughan, preach his famous sermon on 'Sins of Society,' on March 18, in the Farm street church. This is the Catholic 'society' church, where the extremely wealthy go to hear the best preachers laid bare. Admission is only by ticket, and tickets mean standing room as the 11 o'clock bell sounds. People go as early as 8.30 in order to secure seats, I am told, and after my own ten o'clock effort to secure an 11 o'clock seat I am willing to believe anything."

The church itself is magnificent. The congregation is "select," and numbers aristocratic members into the hundreds. Once King Edward, "I heard there 'was' a 'society' of his royal court, and it is told that Father Vaughan looked his hearers all unimpaired 'royal' crown." The King said afterwards it "was the best sermon he ever heard."

Today Father Vaughan looks as if he said: "Give us Barabbas," and from the first there was a breathless interest. What a mighty preacher is Father Vaughan. He seemed to have each and every one of his hearers in his grasp, and he had such sweeping and laudatory terms. He said of some criticism of his sermon on "Sins of Society," he said:

"I receive daily rubbishy letters denying my statements that dogs and cats receive the positive mother love of silly women. I am told it is false—a lie. If you do not believe what I say then go to the 'dust' of these people and ask them any question made to cater to the wants of pigs, dogs and cats. Ask the under-lakers who are called upon to furnish 'funerals,' ask the printers who are paid to send out 'Cards of Announcement,' on the death of these little beasts, and inscribed on these cards are words saying:

"An revoir, but not good-bye."
"I don't know what an revoir, but not good-bye," means," said Father Vaughan, "but I suppose it means that these people are all going to the dogs!"

The sermon suddenly too vigor and depth; he likened present day conditions of social and public life to the days when Plato converted Christ because he wanted to "please the people." On this last thought he

death with an emphasis on the terrible and the pitiful. The sermon was wonderful to hear. It is the chief topic of newspaper discussion today in London."

HER CUNNING.

In the studio of Gustave Bouquet, the sculptor whose female angels of the Annunciation and the Resurrection and recently the destruction of young woman was taking an interest of last around.
"Well now, Mr. Bouquet," she said, "I am very interested in your work. It is very simple and easy. You have only to take a block of marble and a chisel, and knock off all the marble you don't want."

SOCIAL.

Mr. Bullock will receive on Thursday of this week, the usual monthly reception at Government House.
Miss Potter of Edmonton, Alta., who is attending the Toronto conference of the Music, came up with her friends, Misses Belyon and Bowman, and spent Easter in Southampton Beach.

Miss Gladys McGowan who has been visiting in Calgary for a short time returned home on Friday.

Miss Corinna Hughes of Ottawa will receive with her sister, Miss Katherine Hughes, 14 May street, next Wednesday afternoon and evening.

Mr. Hansen of Winnipeg who has been visiting his daughter, Mrs. St. George Gray, left yesterday for Winnipeg to spend some months. Mr. Gray leaves in the early part of May to spend some months in Winnipeg.

CHIPMAN.

Our genial section foreman, Mr. Patrick Burke, has left us for another division where he enters a larger sphere of duty. His gentlemanly bearing and open courtesy have endeared him to our townfolk, hence our regret at his sudden departure.

Our enterprising and progressive Sundayman has been fully compliant of the future in store for our burg. He is negotiating for the purchase of a large laundry plant. As the new desirable corners have been secured sometime since by several banks and other mercantile establishments, he may finally locate on a side street. In conjunction with his regular business he is also engaged in buying and selling. There is some talk of him obtaining a board of trade and if so, we shall have cause to congratulate our citizens on possessing a thorough competent business man of long years of experience, as general director of industrial interests.

Our new merchants, Messrs. Harvey and Simmons, are buying grain in large quantities. Being situated close to the railway depot, they are enabled to handle large quantities conveniently. There is a great amount of grain as yet in the country and such an outlet as this enterprising firm offers, is quite in accordance with the wants of their many customers. They have just lately completed the erection of an immense warehouse on the lot adjoining their store so that they are the better able to meet the public.

PERSONAL.

Mr. Donnell McQuigall returned Thursday from a short visit with friends at Clover Bar.

There is some talk of a ferry being placed on the river at this point. Mr. and Mrs. Thomas McQuigall, who have been visiting here, have been spending the winter. They brought a carload of stock and are about to leave for their permanent home.

A planer is to be installed as an addition to the saw mill here and Mr. Brinkman expects to bring in a shingle mill this coming summer.

Persons are anxiously awaiting the final disengagement of the army. Officers in these parts have been fortunate in having plenty of good dry tamarac wood for fuel, which proves to be far better fuel than the dry wood, which some settlers in the west had themselves forced to use.

A petition is being circulated in the township of Tisdale as a village. Considering the fact that the present site is only temporary and that there is no indication that either is here, though we do not consider it in its proper place.

BUILDING NOTES.

The Livery Barn Merchants' Hotel and new drug store are nearly finished. Work is being rushed on the two new restaurants. Mr. Plants house and new course of recreation and the site are laid for a cigar store and pool room.

A new hardware and tin shop is promised and a lumber shop is planned. Mr. A. McNally has opened a real estate office, 1000 to 1001, North Public and issues of marriage license.

The Athletic Society have appointed a committee to field sports and boxing also lawn tennis and croquet, thus looking out for the interests of the ladies. We intend to make a name for ourselves as a sporting town.

Ottawa, April 6.—The respective population of the new Alberta Federal constituencies figure out as follows:

Edmonton, 25,320
Victoria, 22,758
Strathcona, 29,604
Red Deer, 28,001
Calgary, 25,201
Medford, 25,301

Retired in Regular Order.

Sir Frederick Borden, Minister of Militia, in Halifax Saturday en route for England, when interviewed and asked to give the reasons for Lord Aylmer's retirement, said: "Lord Aylmer has had no dismissal. That's all nonsense. He was pointed for a limited time, expiring on December 31st, last, at which time he had earned his full retiring allowance. He saw the order-in-council, and initiated it with his own hand. He continued to perform his duties after the date named, to suit the convenience of the Militia Department. I do not believe Lord Aylmer has originated this fuss. I believe him to be incapable of it, because he told me he was perfectly content with the arrangements made, no longer ago than last Tuesday."

"His retirement," continued the minister, "is simply in accordance with the established custom by which senior officers give place to others, under a system of promotion found necessary in the interests of the service."

New Act Settled Nova Scotia Strike.
In the House of Commons this morning on the orders of the day being called on, Hon. Rodolphe Lemieux informed the House that the first experiment of the new Labor Act had been highly satisfactory (applause). The Department of Labor had received the welcome news that the strike of 1,700 men at Spring Hill, N.S., which was about to be declared had been averted. An application for the appointment of a board of arbitration had been made by the manager of the Cumberland Railway and Coal Company. The men were informed by the Deputy Minister that the law applied and he told them what the consequences would be. The men yielded, apparently recognizing that if a strike took place, public opinion would not be behind them. Mr. Lemieux read a telegram from Mr. Hector McInnes of Halifax stating that the miners at Spring Hill had all returned to work, that no question was raised as to the open or closed shop and under the circumstances no investigation was necessary. The Minister added that he wished to express his sympathy with the trades unionists who had so quickly and loyally abided by the new law.

TROUBLE IN ASIA MINOR.

Sultan of Turkey is ill, and Revolutionary Movement is brewing.

Associated Press Despatch.
Paris, April 14.—The Memorial Diplomatique says it has learned that the illness of the Sultan of Turkey is rapidly becoming worse, and that he is most anxious concerning the revolutionary movement in Asia Minor. His advisers are only one hope and that is to provide an exterior diversion in the form of a war with Bulgaria. Trouble with this country would be already broken out but for the Sultan's fear that the Bulgarians who are rapid mountaineers, would be the first success, and that would be followed by an insurrection throughout the whole of Asia Minor. In the meantime the paper asserts the Turkish forces are being called out and troops are hastened to the frontier.

MUST EXPLAIN SOME THINGS.

Associated Press Despatch.
Paris, April 14.—The Minister of Justice having officially surrounded the Montaigne documents that contained references to officials of the foreign office, Minister Pichon has decided to submit the case of Edgar Letourneau, Minister of Finance, to Central America, to a court of the ministry. Three other foreign officials have been requested to furnish explanations of allegations concerning them in this document.

DR. DRUMMOND AND HIS WORK.

In the death of Dr. Drummond, the habitat poet, Canada has lost a true poet and a noble citizen. Drummond was a true poet because his personal interest in the scenes and affairs of his daily life have lifted into the heart and even the universal. Nothing but the heart and imagination of the poet can discern this harmony. In him Canadian literature and citizenship suffers a great loss. Besides following the high vocation of medicine, which he did with conspicuous usefulness and success, he has made a distinct and invaluable contribution to the literature of Canada. In the field of Canadian literature he was a pathfinder. He discovered the habitat, and the French-Canadian voyager. To English speaking Canadians the French-Canadians were unknown except in the cities until Dr. Drummond portrayed them in characters of real life.

In this work Dr. Drummond has not only done a positive service to literature but unconsciously has exerted a strong influence in allaying sectional and racial differences that disturbed in various times of our history have threatened the peace of the nation. He has been the unconscious teacher of religious and political tolerance in a manner impossible to colonisationists and bigots.

In the mind of the French-Canadian Drummond's work has inspired a genuine pride and dignity that is sure to be reflected in the opinions of his English speaking countrymen. It is national sentiment. He has idealized the French-Canadian's passionate love of country and family, his delight in outdoor life and wholesome fun, his curious superstitions, his respect for religion and religious leaders. In these features Drummond found an exhaustive fountain of a new literature which his sympathetic humor, close acquaintance and vivid imagination of his Keltic nature enabled him to reproduce in imperishable verse which will be a glory and honor to his name and the history of his adopted country.

The Insurance Commission conducted its inquiry without fear and without malice and without apathy. This is why it hurts Messrs. Foster and Fowler.

PAYING OFF THE DEBT.

The financial statement issued at the end of March by Hon. W. R. Fielding, Canada's Finance Minister, shows a business record for the past year that should give every Canadian added confidence in this country. This has been Canada's financial history. At no time in her history has this country shown such commercial prosperity. It is true that the public expenditure of this country is increasing as the country grows and develops and that is only natural. As any business grows larger its expenditures become greater but its expenditures increase at a smaller ratio than the result is satisfactory. Especially is this true of the last nine months in Canada's financial affairs. For the first nine months of the present fiscal year, ending on March 31, last, there was an increase of only \$102,259 in the ordinary expenditure of the country and an increase of \$2,755,818 in the ordinary revenue of the country. This is a remarkable showing. While the business of the country was increasing so rapidly as to add nearly nine million dollars more to the public revenues of the country, a million dollars a month more than last year it cost only one hundred and fifty thousand dollars of an increase for administrative expenses, or an increase of about one-tenth thousand dollars per month. This is the kind of financial administration that will make Canada well and popularly known all over the world.

In this prosperous condition it is difficult almost to realize that ten years ago the country was struggling under an expenditure that it could not meet, and every year was paying a deficit and an addition to the public debt.

The most remarkable part of the financial record for this nine months, though, is a reduction of the public debt of \$24,668,136. While the country is enjoying an era of prosperity the government is paying off the mortgage. Fourteen million dollars in nine months is rather a good showing and is something worthy of the consideration of every citizen in Canada. When the public authorities upon the public works and the increases in the outlay in every department of the public service is considered it is rather astonishing to find that not only are all these met but the debt is being paid off.

When the liberal party took charge

of public affairs in 1896 the net debt of Canada amounted to \$25,675,432 and the public service of the country and the public works were in such condition as to require large expenditures of public money. These matters were taken up at once and the annual expenditure of the country largely increased. The business of the country at the same time was increased with new life. New enterprises of trade were opened up and the commerce of the country developed so that money flowed back into the treasury of Canada, and now after a little over ten years, \$24,668,136, or some six million dollars less than it was a decade ago. This is a new experience for this country but one that will be much appreciated by its citizens. It is hardly to be wondered that when the government has a record like this that the Opposition has practically abandoned all criticism of the policy of the administration of the governing party and now contents itself with arguing around for slanders and scandal. In the vain hope that something may turn up to take the attention of the people from public affairs. If intended to inspire success in this, the Opposition is surely on the right track.

On the other hand the record of the government stands out so clear to the people of the country, and one that is practically certain of such support in the next general election.

NOTE AND COMMENT.

People don't care what it is about them in print—they don't if it's pleasant.

The people that don't mind what's printed about them are already in the Rogers' Gallery.

It looks as if the C.N.R. was running entirely on the block system now—it's blocked three-quarters of the time.

It looks as if it's as hard to bring a millionaire to the gallows and for a camel to enter the eye of a needle—in New York.

The Insurance Commission conducted its inquiry without fear and without malice and without apathy. This is why it hurts Messrs. Foster and Fowler.

W. S. Stead in his international plumage for peace will not have as much difficulty getting one nation to take the lead in getting the others to follow.

The Medicine Hat News is right when it says the members of the government are actuated by higher motives than securing places for the respective cities and constituencies.

The Alberta's acrimonious epistles handed out to the Minister of Agriculture on the railway question are entirely uncalled for and will do him no harm. M. Finlay is a most conscientious minister.

Finland has outstripped New Zealand as a sociological laboratory of civilization. Having recovered her autonomy from the Czar she is the first country in the world to be run by a woman. Finland will henceforth be regarded as a woman's paradise.

One of the great people of the west today and a grievance that demands redress is a railway service for the west, independent of the through trains from the east. The volume of business in the west is so large the interests at stake are so vital to unimpaired development, the passenger traffic is so great, that it is evident that provision should be made in this direction very soon.

DISTRICT NEWS

FORT SASKATCHEWAN.

A quiet wedding took place in the Manor on Saturday, April 13, when Mr. Grover Van Buren of Ross Creek was married to Miss Bennett Phillips of Tofteld. Rev. A. F. Forbes officiated. With the young couple every happiness.

Mr. W. J. McNutt, formerly of Ireland, has been visiting at the Manor for a day or two, on his way to Lac St. Anne, where he has been appointed missionary.

On Friday last an interesting amount of concert was held at the Manor. The Patriotic Irish friends are greatly interested in the projected hospital at the Fort. Committees have been organized and for some time the young people have been practicing enthusiastically. With the aid of some talent from the Fort they presented an excellent and well sustained program. The items worthy

of mention were the "Broom Drill," "Fencing on the Old Camp Ground," "A Hospital Scene," and representation of "Canada" by Hazel Houston, supporting the Union Jack. The beauty of these last scenes was greatly enhanced by colored lights. Mr. Dewar carefully superintended the burning of the chemicals.

The funeral of the late Mr. Hugh Cinnamon took place on Saturday, 6th inst., from the Presbyterian church to the cemetery here. Mr. Cinnamon was one of the old timers; he came to Manitoba from Quebec in 1857. In 1868 he moved near Battleford, and was there during the rebellion of '68 and suffered considerable loss in property. In '94 he and his sons moved westward and settled on the Vermilion about 18 miles east of the present Whitford. The sons remained there and were engaged in ranching but he and his wife came to the Fort and bought Arthur Rietli's old place. Since that time he has lived in and around the Fort. He had been ailing for some time and through all his illness he showed wonderful vitality. He was 74 years of age and leaves a widow, 5 sons and a daughter, Mrs. Elsie.

An interesting service was held in the Presbyterian church on Sunday evening, when two new elders were inducted. Sometime ago the session decided to call for new elders, and accordingly, the congregation was invited to select men suitable for the high office with the result that Mr. Paul, Mr. Walton, Mr. Staples and Mr. Wilmerth and Mr. Dewar were inducted. The three latter, however, could not see their way to accept office. We regret their decision, but admire their conscientiousness. Mr. Walton and Mr. Paul had been ordained elders some years ago in a former congregation to which each belonged. It was necessary, therefore, to only induct these gentlemen into office. As leading up to this part of the service Rev. Mr. Forbes gave a general outline of the Presbyterian system and its relation to other systems of church government.

It should have appeared to the intelligence and reason of the solemn men. The service was a thinking one and was listened to with marked attention by the large and appreciative congregation.

FLOATING STONE.

The snow is going slowly but surely.

The new settlers who have arrived recently are busy building and work goes ahead rapidly.

There is loud praise for Mr. Boyle, M.P.P., on all sides, but if our roads are fixed in the spring as promised the praise will be more ardent.

Mr. Clark, who was arrested for selling liquor to the Indians and fined two hundred dollars, has appealed the case.

Mr. Pallott of Island Lake made a flying trip to Flooding Stone today. Mr. and Mrs. Vincent Smith of Good Fish Lake were in Flooding Stone, Wednesday, visiting old friends who were certainly very glad to see them.

Mr. Thomas McCullough spent the day with Mrs. Greenstreet on Tuesday. Mrs. Wilcox of Saddle Lake is very ill with erysipelas.

Medicine Hat has nine automobiles now and another shipment is on the way. Regina council supplies government stock and the barracks with water at 25 cents per 1000 gallons.

Stockmen A. Mellinson, who are opening up a wholesale fruit business in Regina, are now in the city arranging for the erection of their warehouse on the site recently obtained from the city.

Lot and House on 6th Street, close to Jasper Ave. on the north side, for rent for \$200.00 per month, small stable and good fencing, for \$1450.00, terms, \$1000.00 cash, and the balance easy. There is very little property listed in this locality. Let us show you this. It is a snap.

House and Lot on 7th Street, close to the bank, \$4000.00. Easy terms. One of the best corners in the Great Estate at \$1000.00, terms. This lot faces south and east.

Part of a block in Norwood at \$2000.00, unimproved cash, bid, 5-8-12 and 13 months. There are a dozen houses being built today in sight of these Lots. They are high and dry and close to the school.

Lots in Norwood Addition at \$200, \$100 cash, balance 6-12-18 and 24 months. No interest.

claims in this vicinity must hurry up, or they will be left with no one as the people to secure claims that they are settling on the odd quarters. In fact there are two settled on the same odd quarter, both parties building and both parties moving on at the present time. Can't the Government do something to check these annoyances?

Mrs. C. N. Johnston and son, are visiting with Mrs. Good of Island Lake this week.

Ernie Waters and Frank Good have started to the Yukon district. Mr. Haywood has come to Yagerville to meet his sister and her husband and their children, who expect to be home in this beautiful district.

The real estate office here has been finally fixed at 818 s. w. Paul Porter of Medicine Hat has been promoted to the position of teller at the Merchants' Bank at Red Deer.

Geo. H. Summers and the members of his troupe scored another success in the presentation of "The Parish Priest," on Saturday afternoon at the weekly matinee. Mr. Summers as the parish priest gave a splendid example of the power of good natured diplomacy to reconcile the bitter estrangements of daily life.

The host of friends of Mr. G. B. Hanzel, who has been connected with Wetaukwin branch of the Merchants Bank for some months, are pleased to learn that his principals have recognized his abilities and that he has been promoted to the Edmonton branch. His removal, however, is a distinct loss to the business and social life of the city, as he was one of Wetaukwin's most deservedly popular young men, and being public spirited was always ready to give his aid to any matter of public advancement. Socially he will be greatly missed by the members of the Banquets and assembly clubs, and by a very large circle of friends, who hope to hear of his eventual attainment of one of the highest positions in the institution in which he is employed—Wetaukwin Times.

DINING CAR SERVICE

ON THE

BURLINGTON

In conducted on the popular and economical pay-only-for-what-you-order plan, the dollar-a-meal plan still in vogue on some western roads having been discarded by the Burlington some years ago.

Waiters who really "know how" serve your food neatly, quickly and with all those little extras that lend zest to the appetite, on tables decorated with cut flowers from our own greenhouses. You are invited to test Burlington dining car service next time you travel from Minneapolis or St. Paul to Chicago. Three trains every day leave Minneapolis 7:30 a.m., 7:50 p.m., 9:50 p.m. and St. Paul 8:30 a.m., 8:40 p.m. and 10:30 p.m.

Let us tell you all about our splendid service and quote you rates for your trip.
